THERMO ELECTRIC PANEL COOLER

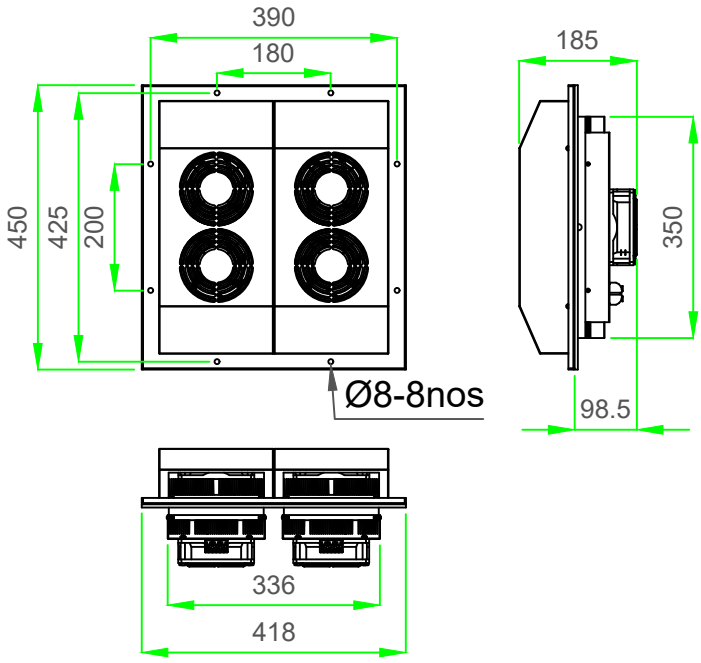

TEC 400 000

*** FOR REFERENCE ONLY**

MOUNTING DETAILS

- **Structure**
  Enclosure made of (SS316L) sheet ensure high stability.
- **Control**
  Temperature controlled by thermostat.
- **Fan**
  Axial fan backward curved of protected against reverse polarity and locking.
- **Thermo electric module**
  The eco-friendly thermo electric module without liquid refrigerant are designed for extreme ambient conditions as well as outdoor applications.
- **Heat sink**
  Dense fin heat sink for higher quality and more effective.
- **Finishing**
  Buffing-Satin finish
- **Configuration**
  Fully wired ready for connection.
- **Optionally available**
  Power supply 220v.

DATE: 17/12/2024 REV NO: 02 DWG NO.4019 001 X00

General Features			Product Code : 4019 001 00
S.NO	**DESCRIPTION**	**M.U**	**SPECIFICATION**
1	Model	-	TEC 400 000
2	Capacity	W(Btu)	400(1365)
3	Power supply	DC V	24
4	Power absorbed	W	470
5	Rated Current	A	20.75
6	Temperature Range	°C	-10.... to +60
7	Dimension Width x Depth x Height	W mm	418
		D mm	450
		H mm	210
8	Mounting	-	Face Mounting
9	Weight	kg	21
10	Cover	-	Stainless steel (SS316L)
